

# Federal Aid Section 7 Evaluation Form - PHASE 1

## To be completed by Grantee

[Note: If more space is needed for responses, attach additional sheets, or set up this form to accommodate your responses.]

Originating Person: \_\_\_\_\_ State/Agency: \_\_\_\_\_  
Date: \_\_\_\_\_

1. Grant Number and Project Title: \_\_\_\_\_
2. County project(s) will occur in: \_\_\_\_\_
3. Section, township, and range (or latitude and longitude): \_\_\_\_\_

4. Listed/Proposed/Candidate species and critical habitat present and occurring within 1 mile of the project(s) area:

5. Describe the proposed project(s). Be as specific as possible. Attach additional pages as needed. Provide map of the project(s) location, and include species and critical habitat occurrences. Include responses to the following:

- A. How many acres/miles does the project(s) encompass?
- B. What week(s) or month(s) will project(s) occur?
- C. How long will it take to complete the project(s)?
- D. What machinery, if any, will be involved?
- E. Will herbicides be used? If so, describe what herbicide, what it will be used for, and application rate.
- F. By implementing the project(s), what will be accomplished?
- G. If there are no field activities, what is the nature of the proposed project?

6. What is the estimated effect of the project(s) on each listed species and critical habitat? Evaluate each action on each species.

7. List any federal permits and/or biological opinions (and their permit/tracing numbers), exemptions under ESA Section 4(d), or other permit authorizations (e.g., state or Corps permits) that may apply to this project(s):

8. List the mitigation measures associated with the project(s) that will be taken to reduce adverse effects on listed, proposed, or candidate species and critical habitat:

9. Agency Approval
