

NYCU – May 2012

Salmon Team Repowers

RCO has just hired Stephanie Fudurich as a new administrative assistant for the Salmon Section and the Governor's Salmon Recovery Office, as needed. Stephanie comes to RCO with experience working in Washington Department of Natural Resources' Resource Protection Division. Before her work with the Department of Natural Resources, Stephanie was fielding ground balls at first base for the Towson Tigers a Division 1 college fast pitch team in Maryland. You can contact Stephanie at (360) 725-3943 or [e-mail](#).

Funding meetings now on TVW

Want to know what happens at a board meeting, but can't attend and don't want to wait for the minutes? Good news! The Recreation and Conservation Funding Board and the Salmon Recovery Funding Board now are streaming their Olympia meetings to the Web! We hope that this will make it easier for you to stay informed about the discussions and actions of the board.

If you want to watch a meeting live, go to TVW.org on the day of the meeting and choose "On the Web" on the right side of the screen. A link to the board meeting will be available on the day of the meeting.

TVW also will archive the meetings. You can access them at TVW or through the RCO Web site:

- [Recreation and Conservation Funding Board](#)
- [Salmon Recovery Funding Board](#)
 - The [December 2011 meeting](#)

The cameras are permanent fixtures in the Natural Resources Building, so meetings held at other sites will not be filmed. We will continue to record and take minutes for all meetings.
