December 1, 2006

The Honorable Christine Gregoire
Governor
Post Office Box 40002
Olympia Washington 98504-0002

Dear Governor Gregoire:

I am pleased to share with you information on expenditures by the Salmon Recovery Funding Board from 2004-2006 (fiscal years), as required by law, RCW 77.85.140 (3). This report period covers two grant rounds.

The information shows the types of projects and partnerships the Board has supported: 213 projects totaling nearly \$53 million in 29 counties during the past two years. Restoring and improving fish habitat has been a major focus for our local partners. In addition, the Board has aided an innovative small-scale grants program, encouraged regional recovery approaches, cooperated extensively with other agencies, and implemented state-of-the-art monitoring of these investments.

The Board would not have been able to accomplish this work without the support and funding from the state and federal government and the efforts of our local partners. We are especially pleased to point out the extensive matching money, donations, and services our partners have brought – almost \$30 million in value during this period.

Detailed descriptions of the expenditures are available at www.iac.wa.gov. If you need additional information or have questions, please contact Jim Fox at 360-902-3021 or by e-mail at jimf@iac.wa.gov.

Sincerely,

Laura E. Johnson
Director
