

Pre-Application Lists

Community Outdoor Athletic Facilities (COAF) Program

The following lists show scores for pre-applications and identify which projects in each region are invited to complete a full application. **This does not represent a list of grant awards or a final ranking of projects.**

By law, COAF funding is allocated to different regions based on their populations. The table below shows how much each region would be allocated under different funding scenarios.

COAF Region	Counties	Allocation of \$12 Million in Funding	Allocation of \$24 Million in Funding	Allocation of \$43 Million in Funding
North Sound	Island, San Juan, Skagit, Snohomish, and Whatcom Counties	\$2,013,445	\$4,026,889	\$7,214,843
Northeast	Chelan, Douglas, Ferry, Lincoln, Okanogan, Pend Oreille, Spokane, and Stevens Counties	\$1,212,051	\$2,424,102	\$4,343,183
South Sound	King, Pierce, and Thurston Counties	\$5,429,403	\$10,858,807	\$19,455,362
Southeast	Adams, Asotin, Benton, Columbia, Franklin, Garfield, Grant, Kittitas, Klickitat, Walla Walla, Whitman, and Yakima Counties	\$1,377,838	\$2,755,677	\$4,937,254
Western	Clallam, Clark, Cowlitz, Grays Harbor, Jefferson, Kitsap, Lewis, Mason, Pacific, Skamania, and Wahkiakum Counties	\$1,967,263	\$3,934,525	\$7,049,358

To select projects for full applications, RCO used a consistent formula based on the regional population and different funding levels. The result is that the number of pre-applications selected to compete in the final round varies in each region.

Those invited to submit a full application are not guaranteed funding. Their applications will go through another review and ranking process. The RCO director will award grants in October for the funds currently available. If additional funding is received, the RCO director will award more grants later.
