Land and Water Conservation Fund Project Summary

Kent Renovating Uplands Playfield Park

Grant Awarded: \$3,150,000

The City of Kent will use this grant to remove ball fields and renovate Uplands Playfield Park in downtown Kent. The City will build a spray park, which will be the first in Kent, a restroom, a children's play area, pathways, and connections to the adjacent regional trail. In addition, the City will install a picnic shelter, shade structure, lighting, irrigation, and landscaping improvements. Visit RCO's online Project Snapshot for [more information and photographs](#) of this project. (23-1910)
